REASONS FOR ALLOWANCE

2. The following is an examiner's statement of reasons for allowance:

Claim 1 recites, inter alia, *wherein said secondary closed loop continuous conductor comprises a single closed cylindrical loop made from a conductive sheet.*

Claim 22 recites, inter alia, *second flux conductive frame also having a substantially hemispherical or bowl-shaped outer wall encircling an annular interior space that surrounds a second central core projecting into the second frame's interior, said second central core being aligned along a central axis and terminating in a second distal core end.*

The references of record do not teach or suggest the aforementioned limitation, nor would it be obvious to modify those references to include such limitation.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
